Ronald J. Allison,

Plaintiff,

v.

Clark County District Court, et al.,

Defendants.

Case No. 2:20-cv-01632-RFB-DJA

**ORDER**

Before the Court for consideration is the Report and Recommendation [ECF No. 6] of the Honorable Daniel J. Albretgs, United States Magistrate Judge, entered October 20, 2021.

A district court “may accept, reject, or modify, in whole or in part, the findings or recommendations made by the magistrate.” 28 U.S.C. § 636(b)(1). A party may file specific written objections to the findings and recommendations of a magistrate judge. 28 U.S.C. § 636(b)(1); Local Rule IB 3-2(a). When written objections have been filed, the district court is required to “make a de novo determination of those portions of the report or specified proposed findings or recommendations to which objection is made.” 28 U.S.C. § 636(b)(1); see also Local Rule IB 3-2(b). Where a party fails to object, however, a district court is not required to conduct “any review,” de novo or otherwise, of the report and recommendations of a magistrate judge. Thomas v. Arn, 474 U.S. 140, 149 (1985). Pursuant to Local Rule IB 3-2(a), objections were due by November 3, 2021. No objections have been filed. The Court has reviewed the record in this case and concurs with the Magistrate Judge’s recommendations.
